## Dri-Scope Internal Lumen Drying System

• Constant Flow • Consistent Pressure • Repeatable Results

The Dri-Scope Aid® Cabinet supplies HEPA-filtered air to all internal channels to aid in drying endoscopes with an automated drying cycle for improved turn-around time, and a continuous venting cycle for overnight storage. The Dri-Scope Aid® system in the SureDry Scope Cabinets provides a complete drying system for your facility.

### Features & Benefits:

- Significantly improves drying of internal channels
- HEPA filter offers a 99.97% retention rate of particles that have a size > 0.3µm
- Provides constant air delivery through all internal endoscope channels
- Short drying cycle for quick turn-around time
- Continuous venting cycle for overnight storage
- Automatic high-pressure shutoff
- Fulfills forced air recommendations
- Self-adjusting high-pressure regulation

### Ease of Operation:

- Hands-free operation
- Visual display of purging times
- Simple to attach individual scope connectors
- Works with all major endoscope brands
- Filter replacement indicator light
- Dries 1 to 15 endoscopes

### Overall Cabinet Dimensions:

- 93”H -36”W-21”D
